11 AMARETTO RANCH BREEDABLES,

No. C 10-5696 CRB

12 Plaintiff,

**ORDER RE REQUEST FOR ENTRY
OF JUDGMENT**

13 v.

14 OZIMALS INC. ET AL.,

15 Defendants.
16 _____ /

17 Following this Court's Order Granting in Part and Denying in Part Plaintiff's
18 ("Amaretto") Motion for Summary Judgment, Amaretto has requested judgment be entered
19 against Defendant Ozimals, Inc. ("Ozimals") on Ozimals' copyright infringement
20 counterclaim. See dkt. 146. Piecemeal judgments are strongly disfavored, and good cause
21 for such an approach has not been offered or established. However, final judgment may be
22 proper if Amaretto does not intend to pursue any remaining claims in its case, such as the
23 claim under California's unfair competition statute. Accordingly, the Court ORDERS
24 Amaretto to notify the Court how it intends to proceed with any claims remaining in its case.

25 **IT IS SO ORDERED.**
